Board of Directors Method Schools Corporation Murrieta, California

We have audited the financial statements of Method Schools Corporation as of and for the year ended June 30, 2024, and have issued our report thereon dated September 26, 2024. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards, and the 2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Appeals Panel,* as well as certain information related to the planned scope and timing of our audit in our planning communication dated May 20, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings or issues

Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Method Schools Corporation are described in Note 1 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2024.

We noted no transactions entered into by the entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates affecting the financial statements which were particularly sensitive or required substantial judgments by management

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Significant unusual transactions

We identified no significant unusual transactions.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The below summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Proposed and passed adjusting journal entry to record the estimated rent expense for Dehesa Elementary School District Facility Use Agreement not invoiced by the district.

| DR: | Rent Expense – Method Schools | \$16,000 | |
|-----|---------------------------------------|----------|----------|
| | CR: Accounts Payable – Method Schools | | \$16,000 |

Corrected misstatements

None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with management

For purposes of this communication, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

Management representations

We have requested certain representations from management that are included in the management representation letter dated September 26, 2024.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Supplementary information in relation to the financial statements as a whole

With respect to the Method Schools, Method Schools, LA, and eliminations columns in the Statements of financial position, activities, and cash flows, Schedule of Instructional Time, Schedule of Average Daily Attendance (ADA), and Reconciliation of Annual Financial Report with Audited Financial Statements (collectively, the supplementary information) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated September 26, 2024. The Local Education Agency Organization Structure accompanying the financial statements, which is the responsibility of management, was prepared for purposes of additional analysis and is not a required part of the financial statements. Such information was not subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we did not express an opinion or provide any assurance on it.

Upcoming auditing standards

Our promise is to get to know you and help you. For your consideration, we provided recent auditing standards applicable to your entity.

ASU 2023-01 Leases (Topic 842): Common Control Arrangements-

- Effective for audits of financial statements for fiscal years beginning after December 31, 2023. Early adoption is permitted. For your School June 30, 2025's financial statements.
- Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2023-01, Leases (Topic 842): Common Control Arrangements, clarifies applying Topic 842 to related party arrangements between entities under common control, reducing diversity in practice.
- ASU 2023-01 provides practical expedient to applied when a written agreement exists; to determine existence, accounting, and classification of a lease in common control arrangements. If no written terms exist, the practical expedient cannot be applied.
- ASU 2023-01 requires that leasehold improvements under common control leases be:
 - Amortized by the lease over the useful life of the improvements to the common control group (regardless of the lease term) and;
 - Accounted for as a transfer between entities under comment control through net assets, if and when, the lessee no longer controls the use of the underlying asset.

This communication is intended solely for the information and use of the Board of Directors and management of Method Schools Corporation and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Board of Directors Method Schools Corporation Murrieta, California

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Method Schools Corporation**Error! No document variable supplied.** (the School), a California nonprofit public benefit corporation, which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the School as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Method Schools Corporation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the School's financial statements as a whole. The Method Schools, Method Schools, LA, and eliminations columns in the statements of financial position, activities and cash flows as well as the accompanying supplementary schedules as identified in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole. The Local Education Agency Organization Structure, which is marked "unaudited", has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated September 26, 2024 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness on the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

METHOD SCHOOLS CORPORATION NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Method Schools Corporation (the School) was formed as a nonprofit public benefit corporation on July 18, 2013 for the purpose of operating public schools. The School operates two California public schools: Method Schools and Methods Schools, LA. The School is economically dependent on state and federal funding.

Method Schools Corporation is authorized to operate as a charter school through the Dehesa School District in San Diego County. In July 2018, the board of directors of the Dehesa School District approved a charter petition for the Charter for a five-year term beginning July 1, 2019 and expiring on June 30, 2024. Method Schools, LA is authorized by the Acton Agua Dulce Unified School District in Los Angeles County. The charter petitions approved by the Acton Agua Dulce Unified School District are for a five-year term beginning July 1, 2020 and expiring on June 30, 2025. In July 2021, Governor Gavin Newsom signed into law a requirement to extend most charter school petitions terms by two years. The extension apply to all charter that would otherwise expire on or between January 1, 2022 and June 30, 2025. In July 2023, Governor Gavin Newsom signed into law a requirement to extend most charter terms by an additional year. Therefore, Method Schools' and Method Schools, LA's charter term are extended to June 30, 2027 and 2028, respectively.

The mission of Method Schools Corporation is to provide innovative tools and educational practices to maximize personalization and empower students to become problem solvers, effective communicators, critical thinkers, and creative innovators.

Basis of Accounting

The financial statements have been prepared on the accrual method of accounting and accordingly reflect all significant receivables and liabilities.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The School defines its cash and cash equivalents to include only cash on hand, demand deposits, and liquid investments with original maturities of three months or less.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Certificates of Deposit

Certificates of deposit are recorded at fair value. Both unrealized gains and losses from the fluctuation of fair value and realized gains and losses from the sale of certificates of deposits are reflected in the statement of activities.

Accounts Receivable

Accounts receivable primarily represent amounts due from federal and state governments as of June 30, 2024. Management believes that all receivables are fully collectible, therefore no provisions for uncollectible accounts were recorded.

Property, Plant, and Equipment

Property, plant, and equipment are stated at cost, if purchased, or at estimated fair value, if donated. Depreciation is provided on a straight-line basis over the estimated useful lives of the asset. The School capitalizes all expenditures for land, buildings and equipment in excess of \$5,000.

Compensated Absences

The School does not allow employees to carryover unused vacation. Accordingly, there were no accumulated compensated absence benefits at June 30, 2024.

Net Asset Classes

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Amounts received from the California Department of Education are conditional and recognized as revenue by the School based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in net assets without donor restrictions, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in net assets with donor restrictions.

Contributions

All contributions are considered to be available for use unless specifically restricted by the donor. Amounts received that are restricted to specific use or future periods are reported as contributions with donor restrictions. Restricted contributions that are received and released in the same period are reported as promises to give without donor restrictions. Unconditional promises to give expected to be received in one year or less are recorded at net realizable value. Unconditional promises to give expected to be received to be received in more than one year are recorded at fair value at the date of the promise. Conditional promises to give (those with a measurable performance or other barrier and a right of return) are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Conditional Grants

Grants and contracts that are conditioned upon the performance of certain requirements or the incurrence of allowable qualifying expenses (barriers) are recognized as revenues in the period in which the conditions are met. Amounts received are recognized as revenue when the School has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred revenues in the statement of financial position. As of June 30, 2024, the School has conditional grants of \$1,511,669 of which \$1,444,777 is recognized as deferred revenue in the statement of financial position.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are payable in two installments on or before November 1 and February 1. Unsecured property taxes are not a lien against real property and are payable in one installment on or before August 31. The County bills and collects property taxes for all taxing agencies within the County and distributes these collections to the various agencies. The sponsor agency of the School required by law to provide in-lieu property tax payments on a monthly basis, from August through July. The amount paid per month is based upon an allocation per student, with a specific percentage to be paid each month.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

Costs of providing the School's programs and other activities have been presented in the statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit. The expenses that are allocated include salaries and wages, pension expense, other employee benefits, other fees for service, advertising and promotion, and office expense, which are allocated on the basis of time and effort. Other expenses that are allocated are information technology, occupancy, and other expenses which are allocated on the basis of expense nature.

Income Taxes

The School is a nonprofit entity exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. Accordingly, no provision has been made for income taxes. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. The School is subject to income tax on net income that is derived from business activities that are unrelated to the exempt purposes. The School files an exempt school return and applicable unrelated business income tax return in the U.S. federal jurisdiction and with the California Franchise Tax Board.

Leases

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2016-02, *Leases* (ASC 842). The School determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets, and operating lease liabilities on the statement of financial position. Finance leases are included in financing ROU assets, and lease liabilities – financing on the statement of financial position.

ROU assets represent the School's right to use an underlying asset for the lease term and lease liabilities represent the School's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term.

As most of leases do not provide an implicit rate, the School uses its incremental borrowing rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the School will exercise that option. The School has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or ROU assets on the statement of financial position.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Evaluation of Subsequent Events

The School has evaluated subsequent events through September 26, 2024, the date these financial statements were available to be issued.

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure are those without donor or other restrictions limiting their use within one year of the statement of financial position date. Financial assets available for general expenditures comprise cash and cash equivalents, certificates of deposit and accounts receivable for the total amount of \$35,251,657.

As part of its liquidity management plan, the School monitors liquidity required and cash flows to meet operating needs on a monthly basis. The School structures its financial assets to be available as general expenditures, liabilities and other obligations come due.

NOTE 3 CASH AND CASH EQUIVALENTS

Cash in County Treasury

Method Schools Corporation (Charter No. 1617) is a voluntary participant in an external investment pool with the San Diego County Treasurer. The fair value of the School's investment in the pool is reported in the financial statements at amounts based upon the School's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio in relation to the amortized cost of that portfolio. The balance available for withdrawal is recorded on the amortized cost basis and is based on the accounting records maintained by the County Treasurer.

Except for investments by trustees of debt proceeds, the authority to invest school funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website.

Cash in Banks

The School maintains cash balances held in banks and revolving funds which are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC). At times, cash in these accounts exceeds the insured amounts. The School has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on its cash and cash equivalents.

NOTE 4 CERTIFICATES OF DEPOSIT AND FAIR VALUE MEASUREMENTS

Certificates of deposit are stated at fair value and are measured on a recurring basis. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in unrestricted revenues support unless the income or loss is restricted by donor or law.

GAAP establishes a fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

GAAP describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in an active market for identical assets. The School had no Level 1 investments at June 30, 2024.

Level 2 – Quoted prices for similar assets and market-corroborated inputs.

Level 3 – The Foundation's own assumptions about market participation, including unobservable assumptions about risk, developed based on the best information available in the circumstances. The School had no Level 3 investments at June 30, 2024.

Investments held at June 30, 2024 consist of Level 2 in accordance to the fair value measurement. Investments and investment earnings at June 30, 2024 consist of the following:

| | Lev | /el 2 Total |
|------------------------------------------------|-----|-------------|
| Certificates of Deposit | \$ | 1,017,250 |
| Unrealized Gains from Certificates of Deposit | \$ | 17,250 |
| Officalized Gains from Certificates of Deposit | Ψ | 17,230 |

NOTE 5 PROPERTY, PLANT, AND EQUIPMENT

Property, plant and equipment in the accompanying financial statements is presented net of accumulated depreciation. Depreciation expense was \$45,652 for the year ended June 30, 2024. The components of property, plant, and equipment as of June 30, 2024 are as follows:

| Leasehold Improvements | \$ 29,600 |
|------------------------------------|---------------|
| Equipment | 265,556 |
| Total | 295,156 |
| Less: Accumulated Depreciation | (208,290) |
| Property, Plant and Equipment, Net | \$ 86,866 |

NOTE 6 OPERATING LEASES – ASC 842

The School leases equipment as well as certain operating and office facilities for various terms under long-term, non-cancelable lease agreements. The facility is to be utilized by Method Schools for instructional services in order to meet the educational goals established by the charter school as well as School administrative offices. In the normal course of business, it is expected that these leases will be renewed or replaced by similar leases. Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases. Additionally, the agreements generally require the School to pay real estate taxes, insurance, and repairs.

The School has entered into various office lease agreements greater than one year. The latest lease term ends June 2026 and the School recognizes the right-of-use asset and lease liabilities on the Statement of Financial Position.

In April 2022, the School entered into a month-to-month Office Lease for workspace with monthly payments of \$1,266.

The following table provides quantitative information concerning the various office leases for the year ended June 30, 2024:

| Lease Cost: | Amount |
|----------------------------------------------------------|---------------|
| Operating Lease Cost | \$ 99,073 |
| Month-to-Month Lease Cost | 18,094 |
| Total lease cost | \$ 117,167 |
| | |
| Other Information: | |
| Cash paid for amounts included in the | |
| measurement of lease liabilities: | |
| Operating cash flows from operating leases | \$ 97,749 |
| Right-of-use assets obtained in exchange for new | |
| operating lease liabilities: | \$ 157,332 |
| Weighted-average remaining lease term - operating leases | 1.7 years |
| Weighted-average discount rate - operating leases | 4.00% |

The School classifies the total undiscounted lease payments that are due in the next 12 months as current. A maturity analysis of annual undiscounted cash flows for lease liabilities as of June 30, 2024, is as follows:

| <u>Year Ending June 30,</u> | Amount |
|------------------------------------|---------------|
| 2025 | \$ 89,194 |
| 2026 | 57,258 |
| Total Lease Payments | 146,452 |
| Less: Interest | (5,057) |
| Present Value of Lease Liabilities | \$ 141,395 |

NOTE 7 FACILITIES USE AGREEMENT COMMITMENTS

Method Schools entered into facilities use agreement with Dehesa Elementary School District (DESD), in which the agreement ends on August 31, 2023. Total facilities use fees paid to DESD amounted to \$10,800 for the fiscal year ended June 30, 2024.

NOTE 8 DISTRICT OVERSIGHT FEES

The School makes payments to the authorizing agencies, Dehesa Elementary School District and Acton Agua Dulce Unified School District, for fees related to oversight. Fees associated with oversight consist of 3% of revenue from local control funding formula sources generated by each charter school. Total fees paid to the authorizing agencies for oversight amounted to \$125,622 for the fiscal year ended June 30, 2024.

NOTE 9 EMPLOYEE RETIREMENT

The School offers an Internal Revenue Code Section 403(b) retirement plan to each of its qualifying employees. The School matches up to 5% for classified employees. During the year ended June 30, 2024, the School contributed \$217,682 to this plan.

NOTE 10 CONTINGENCIES, RISKS AND UNCERTAINTIES

The School has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any required reimbursement would not be material.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors Method Schools Corporation Murrieta, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Method Schools Corporation (the School), a nonprofit California public benefit corporation, which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, the related notes to the financial statements, and have issued our report thereon dated September 26, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that are applicable to the School for the year ended June 30, 2024.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and 2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Our responsibilities under those standards and 2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School's state programs.

Auditors' Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and 2023-2024 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and 2023-2024 *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding the School's compliance with the compliance requirements referred
 to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with 2023-2024 Guide for Annual Audits of K-12
 Local Education Agencies and State Compliance Reporting but not for the purpose of expressing
 an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no
 such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance section above, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a significant

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficience is a deficiency or a combination of deficiencies, in internal control over compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2023-001, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the Schools' response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. the Schools' response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

FINANCIAL STATEMENTS:

Our audit did not disclose any matters required to be reported in accordance with *Government Auditing Standards*.

STATE AWARDS AND COMPLIANCE:

2024-001 Nonclassroom based instruction / Independent Study 40000

Criteria: Per Education Code section 51747(g), a written independent study agreement must contain all the required elements including student/parent signature affixed prior to the commencement of independent study for a pupil that is scheduled to participate for more than 14 schooldays, or within 10 schooldays of the commencement of independent study for a student scheduled for less than 15 schooldays, on the agreement.

Condition: During nonclassroom-based/independent study pupil testing we found that two pupils in eleventh grade did not have all the required signatures on the master agreement before the first day that ADA was recorded, for students considered long-term independent study. For Method Schools, one pupil had instruction of one day prior to all the required signatures on the master agreement. For Method Schools, LA, one pupil had instruction of five days prior to all the required signatures on the master agreement before.

Effect: The School is not in compliance with Education Code section 51747(g) and overreported P2 ADA by 0.05 (Method Schools 0.01 ADA and Method Schools, LA 0.04 ADA).

Cause: The School failed to obtain all the signatures on master agreement before the first day that ADA was claimed for students enrolled in long-term independent study.

METHOD SCHOOLS CORPORATION SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2024

2024-001 Nonclassroom based instruction / Independent Study (Continued) 40000

Questioned costs: The lack of student signatures resulted in a reduction in ADA of 0.05, estimated at \$683 (Method Schools \$132 and Method Schools, LA \$551).

Repeat Finding: This is not a repeat finding.

Recommendation: It is recommended the School implement additional review procedures to ensure all signatures and elements are included on master agreements before any ADA is claimed.

Management's Corrective Action Plan (Unaudited): While the questioned costs are minimal, Method Schools concurs the final Independent Study Master Agreement (ISMA) signature date for the noted items does not agree with the first day of claimed ADA at P2 resulting in a minor overreported ADA at P2.

In response to the error, Method Schools has investigated the data and scripts used for reporting needs in the SmartFox system. Report scripts have been corrected to ensure the final signature date from the student's ISMA is used as the first ADA claimed date.

Additionally, Method will be conducting internal audits of the compliance data throughout the year, which will include verifying ADA start dates align with final ISMA signatures, as well as checking other Independent Study compliance items. The first internal audit will be conducted during the second week of September.

The attendance taking process for teachers will be strengthened by adding peer reviews of backup and attendance records to ensure independent study compliance is being met, ISMA signature dates are reviewed and that attendance records are updated timely.

Further, an audit trail report will be implemented. This will provide the means to verify who has made any changes to data after a learning period is final and locked, enabling better research into why a change may have occurred.

METHOD SCHOOLS CORPORATION SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED JUNE 30, 2024

There were no findings and questioned costs related to the basic financial statements or state awards for the prior year.

2024-25 1st Interim Budget Report Narrative – Method Schools, LA

1. Key Statistics

2022-23 P2 ADA: 457.24 2023-24 P2 ADA: 571 2024-25 Adopted Budget Est. ADA: 580 2023-24 1st Interim Budget Est. ADA: 524

2. Revenue Assumptions

Enrollment and ADA estimates at 1st Interim are trending slightly lower than the Adopted Budget estimates – our Adopted Budget projected 580 ADA and the 1st Interim Budget is projecting 524 ADA. LCFF revenues have only been adjusted to the 524 ADA based on the most recent version of the LCFF Calculator.

LCFF Revenues, including LCFF (8011), EPA (8012) and In-Lieu Taxes (8096) were all based on the calculations provided by the most recently released FCMAT LCFF Calculator. Total Revenues for these sources are estimated at \$7,182,748.

The basis for Other State Revenues is a combination of the following revenue sources: Non-Prop Lottery (\$100,084), Prop-20 Lottery (\$42,968), Mandate Block Grant (\$24,788), and State Special Education & Mental Health Funding (\$501,788). All revenue sources are based on the most recent projections from California School Services and El Dorado Charter SELPA. Finally, Method LA is also projecting \$30,143 from the newly implemented Prop 28 Program.

Federal Special Education Funds are expected to be \$32,800 and the only other Federal Revenue projected is a final allocation of the one-time Federal portion of the Expanded Learning Opportunities Grant (ELOG) for \$35,052. Method LA does not expect any additional Federal Revenue as Method LA does not participate in any other Federal Programs.

Method LA is projected to receive \$100,000 of interest income that is budgeted in Local Revenue.

Overall, when comparing Adopted Budget Revenue to 1st Interim Report Revenue, Method LA is projecting a decrease of \$858,702 in total revenue. The biggest drop in revenue is \$847,015 in LCFF Revenue sources based on reduced ADA.

Method Los Angeles will have approximately 35 Certificated FTEs on staff during 2024-25. The total budgeted Certificated Salaries of \$3,064,072 equates to an average of \$87,542 per FTE including teachers and administrators.

Method LA offers competitive teacher salaries along with a competitive Health & Dental Medical and 403(b) Plans with a 1:1 company match to our employees. Method Los Angeles does not participate in CALSTRS or CALPERS.

MYP expense projections assume a 5% COLA increase each year over the previous year.

Travel/Professional Development Reimbursements

1. Purpose - This policy outlines the reimbursement guidelines for employees traveling on behalf of Method Schools. The policy is designed to ensure compliance with General Services Administration (GSA) rates for per diem expenses while providing flexibility for higher expenses with executive approval when necessary.

2. Scope - This policy applies to all employees who travel for business purposes and seek reimbursement for travel-related expenses.

The Director of the employees' department must pre-approve all out-of-town travel. The Directors must pre-approve all Professional Development requests – See PD approval procedures.

3. Per Diem Rates - Method Schools follows the GSA-established rates for per diem allowances for lodging, meals, and incidental expenses. Employees can choose to be reimbursed for meal and incidental expenses in one of the following ways:

- <u>Option 1: GSA Per Diem Reimbursement</u> Employees may claim the GSA per diem rate for the location to which they are traveling. Under this option, no receipts are required for meals and incidental expenses, as the GSA rate covers these costs.
- Option 2: Company P-Card Usage If a company purchasing card (P-Card) is issued to the employee, it may be used for meal and incidental expenses. However, receipts must be provided as backup documentation for all transactions made with the P-Card. P-card use should be for

allowable expenses under the GSA rate, unless executive approval has been obtained for exceptions (see Section 5).

4. Lodging Expenses - Employees will be reimbursed for overnight stays at hotels/motels when pre-approved by the Directors and the event is more than 50 miles from either the employee's residence or the school site.

Employees are required to book lodging at or below the GSA lodging rate for the location where they are staying. If the lodging rate exceeds the GSA rate due to unavailability or other legitimate reasons (e.g., a conference requiring specific accommodations), the employee must obtain executive approval prior to booking the higher-cost lodging.

5. Expenses Exceeding GSA Rates - In some circumstances, such as conferences, industry events, or high-demand periods, it may not be possible to book lodging or cover meal costs within the GSA rates. In these cases:

- Employees may submit a request for **Executive Approval** to incur expenses beyond the GSA rates.
- The request must include documentation showing that the higher rates are necessary and unavoidable (e.g., conference hotel requirements, peak travel season).
- **Executive Approval** must be obtained in advance of travel.

6. Mileage Reimbursement:

- Employees may be approved to use Method vehicles for work related travel.
- Employees will be reimbursed for mileage in their personal vehicle when pre-approved by the Directors.
- Mileage will be reimbursed at the annual IRS mileage rate for the distance traveled, less the distance from the employee's residence to the school site for each direction traveled.

7. Receipts and Documentation

- <u>Per Diem Option</u>: No receipts are required for lodging, meals and incidental expenses if the employee opts for the GSA per diem and stays within the rates. An employee travel reimbursement form must be submitted in SmartFox purchasing.
- <u>P-Card Usage</u>: Receipts must be provided for all P-Card transactions. Any expenses charged to the P-Card that exceed GSA rates without executive approval will not be reimbursed and may become the responsibility of the employee. P-card expenses and related documentation must be submitted in SmartFox purchasing.

8. Non-Reimbursable Expenses

The following are examples of non-reimbursable expenses:

- Personal entertainment (movies, tours, etc.)
- Upgrades to hotel rooms or airfare beyond what is necessary for business purposes (unless pre-approved)
- Alcoholic beverages

9. Procedure for Submitting Reimbursement

Employees must submit reimbursement requests in SmartFox purchasing within 30 days of completing their travel. The reimbursement package must include:

- A completed employee expense report form
- Receipts (if P-Card was used or expenses exceed GSA rates)
- Documentation for any expenses exceeding GSA rates, with corresponding executive approval if applicable

Employees will be reimbursed via direct deposit with the payroll in which their submission is made (payroll dates are typically 9th-24th paid on the last day of the month and 25th-8th paid on the 15th)

10. Enforcement

Failure to comply with this policy may result in delayed or denied reimbursement and may lead to disciplinary action, including loss of P-Card privileges. Unauthorized purchases will not be reimbursed.

This policy aims to maintain clarity and fairness in handling travel expenses, ensuring that both employees and Method Schools are protected while adhering to GSA guidelines.

Board of Director Expenses

- 1. Similar to employees, if a Board member incurs authorized expenses while carrying out the duties of the school, the Board member will be required to complete and sign an expense report providing all corresponding expense receipts.
- 2. The Director(s) will approve the expense report and submit it to the Business Office for processing.

The packing list should be submitted to the school's Business Office with the invoice.

Fund Balance

<u>Overview</u>

The Fund Balance Policy is intended to provide guidelines during the preparation and execution of the annual budget to ensure that sufficient reserves are maintained for unanticipated expenditures or revenue shortfalls. It also is intended to preserve flexibility throughout the fiscal year to make adjustments in funding for programs approved in connection with the annual budget. The Fund Balance Policy should be established based upon a long-term perspective recognizing that stated thresholds are considered minimum balances. The main objective of establishing and maintaining a Fund Balance Policy is for the school to be in a strong fiscal position that will allow for better position to weather negative economic trends.

Unassigned Fund Balance

Unassigned Fund Balance is the residual amount of Fund Balance in the General Fund. It represents the resources available for future spending. An appropriate level of Unassigned Fund Balance should be maintained in the General Fund in order to cover unexpected expenditures and revenue shortfalls.

Unassigned Fund Balance may be accessed in the event of unexpected expenditures up to the minimum established level upon approval of a budget revision by the School's governing board. In the event of projected revenue shortfalls, it is the responsibility of the Chief Business Official to report the projections to the school's governing board on a quarterly basis and shall be recorded in the minutes.

Any budget revision that will result in the Unassigned Fund Balance dropping below the minimum level will require the approval of 2/3 vote of the school's governing board.

The Fund Balance Policy establishes a minimum Unassigned Fund Balance equal to 3% of total General Fund expenditures. In the event that the balance drops below the established minimum level, the School's governing board will develop a plan to replenish the fund balance to the established minimum level within five years.

Minimum Fund Balance

The school is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The school's Minimum Fund Balance Policy requires a Reserve for Economic Uncertainties, consisting of unassigned amounts, equal to no less than 10 percent of budgeted expenditures and other financing uses. The minimum fund balance/reserve of 10% is to ensure the school's ability to provide necessary services for 2-3 months of operations.

If the reserves are drawn down below the minimum required level of 10 percent, then a budgetary plan shall be implemented to return the reserve to a minimum 10 percent level in no more than a 5- year period. The progress of replenishment shall be reported in the annual budget.

Management of School Assets / Accounts

<u>Overview</u>

The Governing Board recognizes its fiduciary responsibility to effectively manage and safeguard the school's assets and resources in order to help achieve the school's goals for student learning. The Director(s) or designee (Business Office) shall establish and maintain an accurate, efficient financial management system that enhances the school's ability to meet its fiscal obligations, produces reliable financial reports, and complies with laws, regulations, policies, and procedures. He/she shall ensure that the school's accounting system provides ongoing internal controls and meets generally accepted accounting standards.

 Employees who work for public employers of any size – or private employers with five or more employees – and have worked for the employer for at least 30 days before taking leave are eligible.

 An employee can take leave following their own reproductive loss event or that of another person – such as a spouse or partner – if the employee would have been the parent of the child born or adopted.

• It is against the law for an employer to interfere with or deny an employee's right to take leave after a reproductive loss if they meet the above criteria.

TIMING AND DURATION OF LEAVE

The law requires employers to provide eligible employees with a minimum of five days of leave for a reproductive loss event. Employees can, but do not have to, take their leave days consecutively. This means they can choose to take all five days at once or break up the days over a longer period, as long as their leave is completed within three months of the reproductive loss event. If an employer has an existing leave policy that applies to reproductive loss events, the employee must take reproductive loss leave according to that policy. An employer's policy may provide for more leave than the legally required minimum. When a single reproductive loss event occurs over several days, the law treats it as one event. If an employee experiences more than one reproductive loss event in a year, they are entitled to no more than 20 days of reproductive loss leave in that one-year period unless an individual employer's leave policy provides for more time. Reproductive loss leave is separate from, and in addition to, other types of leave to which employees are entitled. Examples include, leave to care for one's own serious health condition or that of certain family members available under the California Family Rights Act (CFRA) and Family and Medical Leave Act (FMLA). or leave for disabilities related to pregnancy or childbirth available under FEHA. If an employee is on

Family Bonding Leave

Method Schools understands and respects the family care and bonding needs of its employees. In concurrence with the 12 weeks unpaid Family and Medical Leave Act and the California Family Rights Act, Method offers the following paid bonding leave to eligible employees after the birth of a child:

- Birth mother: 8 weeks paid leave
- Non-birth parent: 4 weeks paid leave

• 12-week job protection

Staff members employed with Method for a minimum of six months but less than one year qualify for the following:

- Birth mother: 4 weeks paid leave
- Non-birth parent: 2 weeks paid leave
- Job protection for the duration of leave

Purpose/Objective

The federal Family and Medical Leave Act (FMLA) and the California Family Rights Act (CFRA) provide eligible employees the opportunity to take unpaid, job-protected leave for certain medical and nonmedical needs for themselves and family members. Each of these leaves is explained below. The maximum amount of leave available under this policy is twelve (12) weeks of CFRA leave in a 12-month period and twenty-six (26) weeks of FMLA leave (where military caregiver leave applies) in a 12-month period, some or all of which may run concurrently. For more information regarding leave under this policy, employees should contact Human Resources.

Eligibility

To be eligible for leave under this policy, employees must meet all of the following requirements:

- Have worked at least twelve (12) months for Method Schools in the preceding seven (7) years (exceptions apply to the seven-year requirement).
- Have worked at least 1,250 hours for Method Schools over the twelve (12) months preceding the date the leave would commence.
- 3. FMLA only: Currently work at a location where there are at least fifty (50) employees within seventy-five (75) miles.

All periods of absence from work due to or necessitated by service in the uniformed services are counted as hours worked in determining eligibility.

Conditions Triggering Leave

The FMLA and CFRA have differing definitions of "family member," and only the FMLA allows employees to take up to twenty-six (26) weeks of leave to provide care for an injured military family member. Because of this, FMLA and CFRA leaves may not always run concurrently. In general, CFRA/FMLA leave may be taken for any of the following reasons:

*CFRA leave will run concurrently when the family member, regardless of military status and with the exception of next of kin, meets the standard criteria for a serious health condition.

The 12-Month Measurement Period

Method Schools measures the period of twelve (12) months in which leave is taken by [*enter defined 12-month period*].

For military caregiver leave, an eligible employee may take up to twenty-six (26) workweeks of leave in a single 12-month period. The single 12-month period begins on the first day leave is taken to care for a covered service member and ends twelve (12) months thereafter, regardless of the method used to determine leave availability for other CFRA/FMLA-qualifying reasons.

Intermittent and Reduced-Schedule Leave

Eligible employees may take leave in a single block of time, intermittently (in separate blocks of time) or by reducing the normal work schedule. [*Optional:* Intermittent leave to bond with a new child must be taken in two-week increments, with a shorter duration allowed on two occasions.]

Employees who require intermittent or reduced-schedule leave must try to schedule their leave so that it will not unduly disrupt Method Schools' operations. Intermittent leave is permitted in the same increments as provided in Method School's [vacation, sick or paid-time-off leave] policy.

Interaction with Paid Leave

Depending on the purpose of the leave request, employees may choose (or Method Schools may require employees) to use accrued paid leave (such as sick leave, vacation or paid time off) concurrently with some or all of the leave taken under this policy. To use paid leave for FMLA/CFRA leave, eligible employees must comply with Method Schools normal procedures (e.g., call-in procedures, advance notice) for the applicable paid-leave policy. Employee paid-leave accruals (paid time off, vacation, sick leave) will continue while paid leave is being used during periods of FMLA/CFRA absence and in accordance with those individual policies.

Employee paid-leave accruals will not continue during unpaid periods of FMLA/CFRA absence or when only disability payments are being received.

Maintenance of Health Benefits

If employees and/or their families participate in Method School's group health plan, Method Schools will maintain coverage during FMLA/CFRA leave on the same terms as if employees had continued to work. If applicable, employees must make arrangements to pay their share of health plan premiums while on leave. In some instances, Method Schools may recover the premiums it paid to maintain health coverage or other benefits for employees and/or their families while employees were absent. Use of FMLA/CFRA leave will not result in the loss of any employment benefit that accrued prior to the start of leave under this policy. Employees should consult the applicable benefit plan document for information regarding eligibility, coverage and benefits.

Procedures

When seeking leave under this policy, employees must provide the following to Human Resources:

1. Thirty (30) days' notice of the need to take FMLA/CFRA leave if the need for leave is foreseeable. In the case of unforeseeable leave, notice must be provided as soon as practicable and in compliance with Method Schools' normal call-in

procedures, absent unusual circumstances.

- Medical certification supporting the need for leave due to a serious health condition affecting the requesting employee or a covered family member or service member within fifteen (15) calendar days of Method Schools' request for the certification (additional time may be permitted in some circumstances). Second or third medical opinions may also be required when allowed.
- 3. For qualifying exigency leave: Within fifteen (15) days of the request, an employee requesting qualifying exigency leave may be required to provide appropriate supporting documentation in the form of a copy of the covered military member's active duty orders or other military documentation indicating the appropriate military status and the dates of active duty status, along with a statement setting forth the nature and details of the specific exigency, the amount of leave needed and the employee's relationship to the military member.
- 4. An employee must provide periodic reports as deemed appropriate during the leave regarding the employee's status and intent to return to work.
- 5. [*Optional*: A return-to-work release before returning to work if the leave was due to the employee's serious health condition.]

Failure to comply with these requirements may result in delay or denial of leave or disciplinary action, up to and including termination. Leave under this policy will be governed by and handled in accordance with CFRA- and FMLA-applicable regulations, and nothing within this policy should be construed to be inconsistent with those regulations.

Employer Responsibilities

To the extent required by law, Method Schools will inform employees whether they are eligible for leave under the FMLA/CFRA. Should employees be eligible for FMLA/CFRA leave, Method Schools will provide eligible employees with a notice that specifies any additional information required, as well as their rights and responsibilities. Method Schools will also inform employees if leave will be designated as FMLA/CFRA-protected and, to the extent possible, note the amount of leave counted against employees' leave entitlement. If employees are not eligible for FMLA/CFRA leave, Method Schools will provide a reason for the ineligibility.

Job Restoration

Upon returning from FMLA/CFRA leave, employees will typically be restored to their original position or to an equivalent position with equivalent pay, benefits and other employment terms and conditions.

Failure to Return After Leave

If an employee fails to return to work as scheduled after FMLA/CFRA leave or if an employee exceeds the authorized FMLA/CFRA entitlement, the employee will be subject to Method Schools's other applicable leave of absence, accommodation and attendance policies. This may result in termination if the employee has no other Method Schools -provided leave available to her or him that applies to the continued absence. Likewise, following the conclusion of the FMLA/CFRA leave, Method Schools' obligation to maintain the employee's group health plan benefits ends (subject to any applicable COBRA rights).

Military Caregiver Leave

Military caregiver leave is designed to allow eligible employees to care for certain family members who have sustained serious injuries or illness while on active duty. Within the single 12-month period described above, an eligible employee may take a total of twenty-six (26) weeks of CFRA/FMLA leave, including up to twelve (12) weeks of leave for any other CFRA/FMLA-qualifying reason (i.e., birth or adoption of a child, serious health condition of the employee or close family member, or a qualifying exigency). For example, during the single 12- month period, an eligible employee may take up to sixteen (16) weeks of CFRA/FMLA leave to care for a covered service member when combined with up to ten (10) weeks of CFRA/FMLA leave to care for a newborn child.

Military caregiver leave applies on a per-injury basis for each service member. Consequently, an eligible employee may take separate periods of caregiver leave for each covered service member and/or for each serious injury or illness of the same covered service member. A total of no more than twenty-six (26) workweeks of military caregiver leave, however, may be taken within any single 12-month period.

Qualifying Exigency Leave

Employees who meet the eligibility standards set forth above are eligible to request qualifying exigency leave. Although qualifying exigency leave may be combined with leave for other FMLA-qualifying reasons, under no circumstances may the total leave exceed twelve (12)

weeks in any 12-month period (with the exception of military caregiver leave as set forth above).

Eligible employees may take unpaid qualifying exigency leave to tend to certain exigencies arising out of the duty under a call or order to active duty of a covered military member (i.e., the employee's spouse, child or parent). Up to twelve (12) weeks of qualifying exigency leave is available in any twelve (12) month period, as measured by the same method that governs measurement of other forms of leave within this policy, with the exception of military caregiver leave, which is subject to a maximum of twenty-six (26) weeks of leave in a single 12-month period. The maximum amount of qualifying exigency leave an employee may use to bond with a military member on short-term, temporary rest and recuperation during deployment is fifteen

(15) days.

Persons who can be ordered to active duty include active and retired members of the armed forces, certain members of the retired Reserve and various other Reserve members, including in the Ready Reserve, Selected Reserve, Individual Ready Reserve, National Guard, state military, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, Air Force Reserve and Coast Guard Reserve.

A call to active duty refers to a federal call to active duty, and state calls to active duty are not covered unless under order of the president of the United States pursuant to certain laws.

Qualifying exigency leave is available under the following circumstances:

- 1. **Short-notice deployment:** To address any issue that arises out of short notice (within seven (7) days or less) of an impending call or order to active duty.
- 2. **Military events and related activities:** To attend any official military ceremony, program or event related to active duty or a call to active duty status, or to attend certain family-support or assistance programs and informational briefings.
- 3. **Child care and school activities:** To arrange for alternative child care; to provide child care on an urgent, immediate-need basis; to enroll a child in or transfer a child to a new school or day care facility; or to attend meetings with staff at a school or day care facility.
- 4. **Financial and legal arrangements:** To make or update various financial or legal arrangements or to act as the covered military member's representative before a

98

federal, state or local agency in connection with service benefits.

- 5. **Counseling:** To attend counseling (provided by someone other than a health care provider) for the employee, the covered military member, or a child or dependent when necessary as a result of duty under a call or order to active duty.
- Temporary rest and recuperation: To spend time with a covered military member who is on short-term, temporary rest and recuperation leave during the period of deployment. Eligible employees may take up to fifteen (15) days of leave for each instance of rest and recuperation.
- 7. **Post-deployment activities:** To attend arrival ceremonies, reintegration briefings and events, and any other official ceremony or program sponsored by the military for a period of up to ninety (90) days following termination of the covered military member's active duty status. This also encompasses leave to address issues that arise from the death of a covered military member while on active duty status.
- 8. **Mutually agreed leave:** Other events that arise from the close family member's call or order to active duty, provided that Method Schools and the employee agree that such leave shall qualify as an exigency and agree to both the timing and duration of such leave.

Definitions

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility or continuing treatment by a health care provider, and either prevents the employee from performing the functions of his or her job or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing-treatment requirement includes an incapacity of more than three (3) full calendar days and two (2) visits to a health care provider, or one (1) visit to a health care provider and a continuing regimen of care; an incapacity caused by a chronic condition or permanent or long-term conditions; or absences due to multiple treatments. Other situations may also meet the definition of "continuing treatment."

Qualifying exigencies include activities such as short-notice deployment, military events, arranging alternative child care, making financial and legal arrangements related to deployment, rest and recuperation, counseling, parental care, and post-deployment debriefings.

99

A *covered service member* is either 1) a current service member of the armed forces, including a member of the National Guard or Reserves, with a serious injury or illness incurred in the line of duty for which the service member is undergoing medical treatment, recuperation or therapy; otherwise in outpatient status; or otherwise on the temporary disability retired list; or 2) a covered veteran who is undergoing medical treatment, recuperation or therapy for a serious injury or illness.

A *covered veteran* is an individual who was discharged under conditions other than dishonorable during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran. The period between October 28, 2009, and March 8, 2013, is excluded in determining this five-year period.

Next of kin means the nearest blood relative of the service member, other than the service member's spouse, domestic partner, parent, son or daughter, in the following order of priority: blood relatives who have been granted legal custody of the service member by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the service member has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave.

The definition of "serious injury or illness" for current service members and veterans is distinct from the definition of "serious health condition" for CFRA/FMLA leave. For purposes of this policy, "serious injury or illness" means an injury or illness incurred by the service member in the line of duty while on active duty in the armed forces that may render the service member medically unfit to perform the duties of the service member's office, grade, rank or rating or that existed before the beginning of active duty and was aggravated by service while on active duty.

With regard to covered veterans, the serious injury or illness may manifest itself before or after the individual assumed veteran status and is 1) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the armed forces and rendered the service member unable to perform the duties of the service member's office, grade, rank or rating; 2) a physical or mental condition for which the covered veteran has received a VA service-related disability rating of 50 percent or greater, and such rating is based, in whole or in part, on the condition precipitating the need for caregiver leave; 3) a physical or mental condition that substantially impairs the veteran's

ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would absent treatment; or 4) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

Purpose/Objective

Method Schools provides female employees with job-protected unpaid leave, up to four months, for disabilities relating to pregnancy, childbirth or related medical conditions (meaning a physical or mental condition intrinsic to pregnancy or childbirth). For the purposes of leave under this policy, "four months" mean the number of days the employee would normally work within four calendar months (one-third of a year equaling 17 1/3 weeks), if the leave is taken continuously, following the date the pregnancy leave commences.

The company also provides reasonable accommodations, to the extent required by law, for conditions related to pregnancy, childbirth or related medical conditions. In addition, a transfer to a less strenuous or hazardous position or duties may be available pursuant to an employee's request, if such a transfer is medically advisable. Employees requesting a leave or reasonable accommodation should promptly notify Human Resources.

For more information regarding leave under this policy employees should contact Human Resources

Eligibility

All employees who experience disabilities relating to pregnancy, childbirth or related medical conditions (meaning a physical or mental condition intrinsic to pregnancy or childbirth) may request leave or a reasonable accommodation under this policy.

Use of accrued paid leave

Accrued paid sick leave must be used concurrently with leave taken under this policy. If SDI benefits have begun, the employee may choose to supplement those benefits with accrued paid sick leave. Paid sick leave and SDI benefits combined may not exceed 100% of regular pay.

Additionally, employees may choose to use accrued paid leave (such as vacation or paid time off), concurrently with some or all of the leave under this policy. To receive paid leave, eligible employees must comply with the company's normal procedures for the applicable paid-leave policy (e.g., call-in procedures, advance notice). If SDI benefits are being paid, accrued paid leave and SDI payments combined may not exceed 100% of pay.

Maintenance of health benefits

If employees and their families participate in the company's group health plan, the company will maintain coverage during leave under this policy on the same terms as if employees had continued to work. If applicable, employees must make arrangements to pay their shares of health plan premiums while on leave. In some instances, the company may recover premiums it paid to maintain health coverage or other benefits for employees and their families. Use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of leave under this policy.

Employees should consult the applicable plan document for information regarding eligibility, coverage and benefits.

Procedures

When seeking leave or a reasonable accommodation under this policy, an employee must provide Human Resources with the following:

- As soon as practicable and if possible prior to commencing leave, a statement from his or her health care provider supporting the request for leave or reasonable accommodation. The statement should confirm that the requested leave or reasonable accommodation is based on a pregnancy-related disability, and if the statement is provided in support of a leave request, the statement should include an anticipated start and end date. An employee must also supply periodic reports as deemed appropriate during the leave regarding the employee's status and intent to return to work.
- 2. [If the company requires a fitness-for-duty certification for other disability leaves:] Upon return from leave, medical certification of fitness for duty before returning to work. The company will require this certification to address whether employees can perform the essential functions of their positions.

Failure to comply with the foregoing requirements may result in delay or denial of leave, or disciplinary action, up to and including termination.

Employer responsibilities

To the extent required by law, the company will inform employees whether they are eligible for leave under this policy. Should employees be eligible for leave, the company will provide eligible employees with a notice that specifies any additional information required, as well as their rights and responsibilities.

As detailed in the California Family Rights Act (CFRA)-Family and Medical Leave Act (FMLA) Policy, the company will also inform employees if leave will be designated as FMLA-protected and, to the extent possible, note the amount of leave counted against employees' leave entitlements. If employees are not eligible for FMLA leave, the company will provide a reason for the ineligibility.

Additionally, the company will engage in an interactive process with employees who request a reasonable accommodation under this policy.

Job restoration

Upon returning from leave, employees will typically be restored to their original positions or to equivalent positions with equivalent pay, benefits, and other employment terms and conditions.

Failure to return after leave

If an employee fails to return to work as scheduled after leave under this policy, or if an employee exceeds the leave entitlement, the employee will be subject to the company's other applicable leave of absence, accommodation and attendance policies. This may result in termination if the employee has no other company-provided leave available to her that applies to the continued absence.

3.1 CEO Report

We have some new roles that we have hired for.

Director of Program Development & Expansion. This role is to expand our reach and duplicate it, a college program, and refining growth and external opportunities.

Director of IT - Hired today. We needed this role specifically with the latest cybersecurity attacks. We needed someone with this experience to tighten security since we are an online school.

Director of SPED - We are in the process of a temporary Lead taking on this position or hiring externally.

We have hired new teachers due to growth and previous staff not being renewed.

Staff Recognition: Kyle Quintero. He is a Middle School teacher and SF Testing. We decided this year at every quarter we will nominate a single staff member for recognition and then next quarter they will nominate.

Values: Customers, Solutions, Relationships, Service, Information, and Integrity.

Q: Board Member Steven Dorsey: Have we reached out to Dehesa to be collaborative in DMSA Values?

A: Jessica: Yes, we have it in the partnership agreement and handbook.

Q: Board Vice President Tyler Roberts: Who are customers?

A. Jessica: It's by design. In District settings, traditional schools parent's don't have a choice. Parents must have their children attend school in the area they are assigned to. Charter schools are a choice, so we share that concept that we earned them.

OKRs: Q1 not much to report. Q2 we will be at the halfway mark for OKRs.

PARSEC (Third Party) - helping us analyze raw data as part of reauthorization. We see math growth that we haven't see before. We have plenty of room for growth.

3.2 CBO Report

DMSA - Bradley is a huge part of DMSA. We are approaching 200 students and are currently at capacity. Less than half of these students are Method students. We are planning on expanding facilities with Dehesa through Sycuan Tribal Council. We would need approval through them, building permits, etc. Our biggest constraint right now is space.

Enrollment: We have a small team that handles around 1800 chats a month which is a lot for 5 people. They do a lopt of the filtering. In August we had 3000 tickets. They do a lot of reviewing and closing tickets. They close them within 1 hour for the simple tickets.

We are trying to get more visibility through: Online reviews, blogs (100k unique visits mostly for public interest in Independent Study), student pictures, and NPS.

Enrollment trend: we are flat right now with ADA. This came about due to smaller course list, misfit's for our program such as student's thinking our program is easy. Its pretty rigorous compared to most programs. We are trying to address the gap in enrollment. We've added DMSA,

Method Academy, and hoping to have new ones. Demand for online is pretty flat and now we are competing against Districts that have online programs.

Question Board Member Steven Dorsey: Are you handcuffed a little bit because you can't go against another district for student enrollments?

Answer: Mark: The districts too small to go against because of competition so we have to be careful with how many school's are authorized by the districts. California is one of the only states that don't have any additional options for authorization outside of a school district.

3.3 CAO Report

3.4 CFO Finance Update

We just wrapped up the audit. We are still in a strong position. Student ADA is flat, but we are still good. This was only the second time in all of Method's history that Method has had an audit finding. It was an ISMA date not matching with ADA claimed date. We are trying to get dates cleaned up and matching. We are also looking at reporting on department and the costs of each department.

• This is the proposed writing and response to the audit finding. Due to the ISMA date issue, we very slightly overclaimed ADA. We were overpaid (less than \$1000) so we have taken measures

to make sure it doesn't happen again. We will do monthly general audits. Backing away from automation as it was becoming more complex and now focusing on more manual.
